

## President's Challenge 1 – October, 2020 – February 2021

### “The Pandemic and You”

Create a small wall hanging, maximum 18”x18” or 72” perimeter, representing how the pandemic affected you or a member of your family. Use applique, fabric prints or meaningful colours to create a lasting memento of this historic time in our lives.

These will be due at the February meeting where we will have a Show and Tell and a participation draw. No restriction on number of fabrics used. Be creative and have fun.
